During his hashtag#ESMYouthTalk, ESM Chief Economist Rolf Strauch spoke with students from the Athens University of Economics and Business about the value of unity and the euro.

Remaining united and keeping a common currency throughout crises has benefited our Union in several ways:

- ✓ Stable prices and no currency exchange costs in the Single Market.
- ✓ Economic stability and convergence: more trade, investment and growth.
- ✓ Integrated financial markets: more financial stability and better financing conditions.
- ✓ Political unity: common currency and economic policy coordination.
- ✓ Global influence: stronger presence for the EU in the global economy.
